Are you interested in an Upgrade training course for Grade Checking?

In our continuous effort to provide industry upgrade training, the Training Trust would like to offer an Grade Checker class for eligible Teamster Chainman if there is enough interest.

Depending on interest and current experience this could be a 1 - 2 week course.

We need your input before we schedule a class. Please tell us briefly your current experience and/or interest in the following categories:

- Introduction to principals of grade checking: _____

- Instruments: _____

- Hand-tools: _____

- GPS: _____

- Construction staking: _____

- Other: _____

Name: _____

Contact -Phone/Email: _____

“Grade checkers are key personnel who keep the construction project moving efficiently.”

- ♦ If you would be interested in attending this type of upgrade training, please contact our office by **May 6** so that we can determine if there is enough interest to hold a class.
- ♦ Did you know we also offer the APC & PC Exam to upgrade your dispatch classification. *Exams are by appointment. Stop by Anchorage or Fairbanks office or call 907-278-3674*
